VOLUME 62 Number 28

PAW PAW, MICHIGAN, FRIDAY, AUGUST 11, 1916

Whole Number 4232

## QUALIFYING FOR GLOBE TROTTERS

**Attorneys Wm. Fitzgerald of Kalamazoo and Glenn E. Warner of Paw Paw off for the coast by Ford auto.**

Attorney Glenn Warner, with his old friend and college chum, Attorney Wm. Fitzgerald of Kalamazoo, started on a trip last Wednesday, which should qualify them for membership in the order of "Globe Trotters" and entitle them to all the rights and benefits of the fraternity.

The objective point in their trip is Yellowstone National Park, then on to Butte, Montana, and if all goes well, eventually the Pacific coast. The trip will be made in a Ford automobile, this machine being selected on account of its well known "Staying" qualities. The car has been fitted up with all the modern conveniences, including arc lights, reading room, dishes, cooking utensils, a well stocked commissary department, sleeping tent and bed.

The start was made on Wednesday, and Grand Haven will mark the first lap of the journey. Here they will ship for Milwaukee, and thence westward via St. Paul, Minnesota, to the great park. The boys are anticipating a great trip, but their friends are betting that the return trip will be made in a pullman car instead of "The Henry."

## CHAUTAUQUA BOOSTERS MAKE TOUR THE COUNTY

A procession of autos filled with chautauqua boosters left Paw Paw last Tuesday morning for a tour of the eastern part of the county. There were eight cars in the party, which made the towns of Lawrence, Hartford, Bangor, Bloomingdale, Gobleville, Kendall, Almena, Mattawan and Lawton. The boys were given a cordial reception all along the line, and a liberal patronage is anticipated from all the surrounding country. One thing is certain, and that is, the Paw Paw Chautauqua never offered such a list of platform stars and celebrities as this year. The program meets the approval of the critics and a large attendance is expected.

L. E. Griffith made a business trip to Lawrence Tuesday.

## FEVER EPIDEMIC IS NOW UNDER CONTROL

It is thought that the typhoid epidemic at Decatur has been checked. Health officers from Lansing, detailed to investigate the cause of the epidemic, found that it was caused from the milk supply. This has been curbed and but one case is reported. This brings the total number of cases up to 24. There has been but one death, but several patients are not yet out of danger. Health officer Dr. W. P. Bope announces that while the epidemic is yet serious, it is thought to be under control.

## LOCKED IN COUNTY TREASURERS OFFICE

There are some strange "Doings" at the court house these days. Last Tuesday, County Treasurer Duncombe had business away for a few hours and left Deputy O. W. Rowland in charge. In some unexplained manner, he locked himself in the vault, and was unable to open the door from the inside. He sent out the "S. O. S." sign from the window, and Attorney Glenn E. Warner came to the rescue. Glenn succeeded in opening the door, and was talking it over with O. W. when the wind again slammed the door, and they were both prisoners. Again the "Hurry Up" sign of distress was sent out from the window, and Probate Register Margaret Southworth appeared this time in the role of rescuer. In trying to get the door open, Miss Southworth pulled the lock off the door. But eventually, she released the prisoners and they all went on their way rejoicing. This is the first time that the venerable and esteemed O. W. has ever been locked in solitary confinement.

**Suffering From Rheumatism.**  
Elmer Sirrine does not improve as rapidly as it was hoped he might. He has been afflicted now for several months with rheumatism, and has not been able to get down town for at least two months. He is confined to the house, but manages to get around a little with the aid of a cane. He suffers the most excruciating pain and has been unable to get much relief. He is thinking of trying the baths to see if that will not give the desired results. He has the sympathy of his host of Paw Paw friends.

Warner's rust proof corsets at Lepper's.

## WILLARD TUTTLE TAKES HIS LIFE

**Worry over loss of crops, together with excessive heat, probably deranged his mind.**

Willard Tuttle, a young man 21 years of age took his own life on the farm which he was working near Vicksburg, Mich., last week. He was the only son of Frank Tuttle who lives near Lawton. Mattawan was formerly their home, and the family are well and favorably known throughout this part of the county. The hot, dry weather had nearly ruined his crops and he had worried about it late. He left a note addressed to his parents telling of his love for them but state that he could not stand his life. The poor crops together with the excessive heat is thought to have temporarily deranged his mind. He ended it all with a 38 caliber revolver. He was a young man of exceptionally good habits and universally respected. He was unmarried.

## MAJESTIC KALAMAZOO OPENS NEXT SUNDAY

Lovers of vaudeville will have a chance to see the kind of entertainment they like at the Majestic in Kalamazoo starting with next Sunday's matinee. The opening bill is made up of five classy acts, each one of which is complimentary to the other.

The musical Gerald's start the ball rolling with plenty of lively music, Dolly and Calama having a singing and talking act. "The Right Man" is the title of the playlet on this program. Bobby and Nelson are another clever pair, while the fifth and closing act promises to be one that will be long remembered by lovers of the sensational.

Starting with Thursday's matinee the program for the last half of the week will be made up of "The Small and the Small Sisters," Beery and Woods, John P. Gordon, Pat Larrett and the Willie Brothers.

There will be three shows every day; one in the afternoon and two at night. Although the war has raised the price of most everything else, the Majestic prices will not be raised.

## PECULIAR FEATURE OF PRIMARY LAW

The attention of the voters is called to a provision of the primary election law which provides that a voter may vote for any person whose name is not printed on the ballot provided that the name so substituted is not printed on any other party ballot. Thus a vote for a democratic candidate written in on a republican ballot, or a vote for a republican candidate written in on a democratic ballot would be absolutely void, and the same is true with respect to all political parties. There seems to be nothing in the law, however, to prevent a republican from calling for a democratic ballot if he desires to vote any part of it, or a democrat calling for a republican ballot if he desires to vote for any of the candidates thereon.

## HEAD ON COLLISION WITH AUTO

**Drove horse into machine at street crossing. Teeth knocked out and head badly damaged.**

Leon, son of John Maxwell, of Porter township, collided with an auto on the streets of Paw Paw last Sunday night. He was driving west on Oak street, and Messrs. John Ryan, Martin Lynch and families of Bangor, were driving their car south on Kalamazoo street. Maxwell drove headlong into the machine at the intersection of the streets. Several teeth were knocked from the horse's mouth, and a part of its lower jaw torn away. Dr. Johnson was called to care for the horse, whose mouth and head were badly disfigured. The buggy was broken, and the top of the auto damaged. None of the occupants of the car or buggy were injured. It is said that Maxwell was racing with another horse and buggy. It was mighty careless driving to say the least.

**Mr. Whitman Very Ill.**

I. A. Whitman, who has been confined to the house for several months, is no better at this writing. Dr. Balsch, of Kalamazoo was called in consultation last Sunday morning, but was unable to give the family any encouragement.

**Kleinstick Still Lives.**

Carl G. Kleinstick, who attempted to take his life via the bullet route in Kalamazoo last week, still lives and the physicians at Borgess hospital believe he will recover. Mr. Kleinstick owns a large tract of land in Paw Paw township in the Robert Dunnington neighborhood and is quite well known here.

**DAYTON CROPS DESTROYED.**

The Glenburn Advance of August 3rd, gives an account of a destructive wind and hail storm which visited the vicinity of Glenburn, North Dakota, the night of August 1. It swept over the Dayton farms, destroying 1500 acres of crops. Mr. Dayton is a son of Chas. Dayton, of Waverly township, and is well known here. The storm was one of the worst ever seen in the Dakotas, and the loss to Mr. Dayton and scores of others in that vicinity was severe.

**BROKE CAMP TUESDAY.**

The Baraca-Philathea society broke camp and the members returned to their respective homes last Tuesday, after a very pleasant week spent in camp at Grenell's place Three Mile lake. This society is made up of the various Sunday school class of the M. E. church.

**ENTERTAINED WIDOWS.**

On Friday last, one of our townsmen, G. W. Cate, invited three lone Paw Paw widows to take an auto ride and spend the day in Kalamazoo. It is needless to say the invitation was accepted, and the day thoroughly enjoyed. Mrs. Cate chaperoned the party. The widows are grateful indeed to Mr. and Mrs. Cate.

Rev. A. O. Carman and wife returned Tuesday from a delightful trip to Eaton Rapids, where they went to attend the State Campmeeting.

## HELEN KELLER IS ON PROGRAM

**Worlds Greatest Woman comes as added attraction to splendid Chautauqua program.**

Thanks to Mr. Holliday, manager of the Midland Chautauqua bureau, Paw Paw is to have one of the greatest headliners in the entire field of chautauqua work, on its program this year. The announcement has just reached us that the great Helen Keller, is to be on the program as an added attraction. Helen Keller is called the "World's Most Remarkable Woman." She has been both blind and deaf since 19 months of age, and yet she has accomplished all that scientists have said that she could not accomplish. She is a college graduate, an author of merit, and has done all the wonderful things that those possessed of all their faculties have been unable to accomplish in a lifetime. Paw Paw is indeed fortunate to be able to get such an attraction for its chautauqua program. The best part of it is, the number is to be an extra attraction without cost to holders of Chautauqua tickets. Thousands of people have paid more than the price of a season ticket to the Chautauqua to see and hear Helen Keller. The price of the season tickets this year is the same as before, \$2.00, which includes the Helen Keller number. Chautauqua patrons should show their appreciation to Mr. Holliday, by inducing their friends all to purchase a season ticket. Besides the latest addition to the program, Helen Keller, there are many stars, more than ever before. A glance through the program will convince any one that this year's program is the best one yet to be offered to the patrons of the Paw Paw Chautauqua. The Helen Keller number comes on Tuesday, August 22. Get your season ticket and enjoy every number of the entire eight days. Two programs each day, afternoon and evening, and every program a gem.

**ANOTHER VETERAN GONE.**

Mrs. R. E. Quick received word of the death of a brother, Hiram Saxten, who passed away at his home in Boise City, Idaho, the latter part of July. Mr. Saxten was a veteran of the civil war, and at one time was a resident of Paw Paw. Years ago, he owned the Lake Cora resort property.

**CAMPED AT COVERT RESORT.**

Messrs. Blaine Warner, Nate Simpson, Jr., Wilbur Downing and the Misses Florence Kelley, Louise Leeper and Marie Spaulding spent the week end in camp at Covert Resort, returning to their homes Tuesday evening. This is a delightful spot on Lake Michigan, north of Palisades park in Covert township. Mr. and Mrs. Leo Warner chaperoned the party.

## BARRED FROM THE PRACTICE OF LAW

People throughout the state have watched with interest the disbarment proceedings brought against Attorney James H. Thompson of Lansing. The case was heard by Judge Howard Weist of the Ingram county circuit, who caused an order to be entered barring Thompson from the practice of law for a period of five years. Thompson was one of the most prominent lawyers of the state. He was formerly a member of the state tax commission and at one time a member of the state board of education. The charge of which he was convicted was fraud, deceit and malpractice in connection with innumerable inheritance tax cases.

**PROF. MCCORMICK WEDS.**

The Dowagiac Daily News of Tuesday, states that Prof. P. F. McCormick was married to Miss E. Lora Root at the bride's home in Manchester, Mich., last Tuesday night. Mr. McCormick was formerly superintendent of the Paw Paw schools, leaving here to accept a similar position in Dowagiac, which he held for several years. He goes next year to Denver, Colorado, in the schools of that city. His bride was formerly a teacher in the Dowagiac schools, and it was here that the friendship sprang up, which resulted in the nuptials.

**IN HONOR OF 12th BIRTHDAY.**

Mrs. Harry Nash gave a party Wednesday afternoon in honor of Donald's 12th birthday. An even dozen of his companions gathered to help celebrate the day. Games and play with dainty refreshments to close made the afternoon one long to be remembered.

**OFF FOR CALIFORNIA.**

Mrs. C. B. Dunham and son Eugene Adams, who have been visiting at Bay City the past month, at the home of her daughter, Mrs. M. C. Wheaton, Jr., came to Paw Paw on the 29th, ultimo, spending the last week of their stay in Michigan at the home of Mr. and Mrs. G. W. Tyler (Mrs. Dunham being a daughter-in-law of Mrs. Tyler). They were joined by M. C. Wheaton, Jr., the last of the week. Mr. and Mrs. Wheaton left on the 5th inst. for Auburn, California, expecting to make the "Golden State" their future home.

**DEATH OF HARRY ROUNDY.**

A. J. Roundy received word the first of this week of the death of his son, Harry E. Roundy, in Los Angeles, on July 29. He had suffered for some time from lung trouble, and passed away in a hospital there. Deceased was born and grew up in Paw Paw, and will be remembered by many here. He was 49 years of age and single.

Mr. and Mrs. Darrel Weston of St. Cloud, Florida, are visiting their Paw Paw friends. They will go to Albion and other Michigan points before returning to their summer home.

If You're Thinking Furnace this Fall  
Be Sure to Investigate the

## ...One Register Homer...

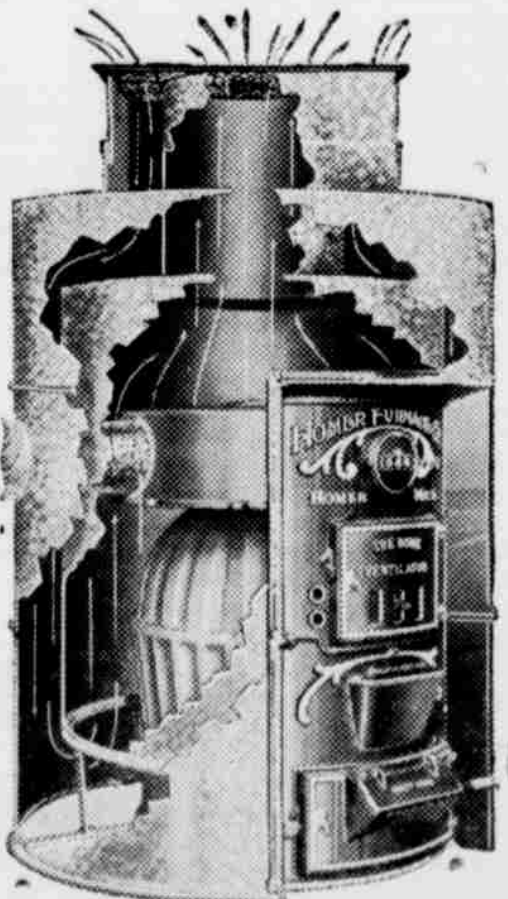

It uses less fuel. It heats up every part of your house except the basement.

A HOMER can be put in your house in One Days time. They cost much less than the average furnace. Hundreds of them are being put in homes all over Michigan with wonderful success.

The HOMER is the original furnace of its class. It is made extra heavy and will last as long as any ordinary furnace.

This is an age of specialization, the Homer is a specialty and a very successful one too.

You will do well to investigate the merits of this plan of heating.

H. C. WATERS & CO., Paw Paw, Mich.

## Eaton & Mosier

Headquarters for Drugs, Groceries, Hardware, Paints and Oils
